Product

Product type: 3D-printed decorative display model (model and display base)

Material: PLA (polylactic acid) plastic

Country of manufacture: Sweden

Product identification

Each product is identified by the product ID shown on its product page at 3dmilprint.com, together with your order number and order date. Quote these if you contact us about a safety matter.

Intended use

Display, decoration and collecting only. Not a toy and not intended for play or functional use.

Safety warnings

- **Not a toy. Not suitable for children under 14 years.**
- **Thin parts can break off and become a choking hazard.** Keep away from young children.
- Do not ingest or place in the mouth.
- Not food safe. Do not use with food or drink.
- Keep away from open flame and high heat. PLA softens from around 55 °C.
- Not designed for mechanical stress, impact or load-bearing use.

Storage and handling

- Store in a dry place away from heat sources and direct sunlight.
- Avoid prolonged exposure to temperatures above 40 °C, for example in a parked car.

Disposal

Dispose of the product and its packaging according to your local waste sorting rules.

Regulatory statement

Sentinel North AB places these products on the market in accordance with the general safety requirement of Regulation (EU) 2023/988 on general product safety (GPSR).

Note

These items are made by additive manufacturing. Minor surface variations and visible layer lines are normal for the process.
